

# PEA Consultancy

## Company Profile

## WHO ARE WE AND WHAT DO WE DO?

Hello! My name is Amjad Idries and I am the CEO of Performance and Evaluation Advisers (PEA Consultancy), and I would like to give you quick overview about PEA Consultancy.

PEA Consultancy is leading advisory firm with specialization in corporate performance monitoring and evaluation in Africa and the Middle East countries. We are proud of our expertise in this area, and with our partnerships that we established with private corporations and development partners. We work with them to support assessing together their growth opportunities based on learning and evidence. We provide advisory services based on agreed vision for the future perspectives, taking the past as start and inform the decisions of today.

## WHY WE DO IT?

With expertise in all over Africa and the Middle East, we believe in our added value for context-sensitive services, language needs, and cross learnings as key drivers of development and growth.

## WHERE AND WITH WHOM WE DO IT?

While our experts can transfer their skills and support to different countries, we are currently focusing our partnership in Middle East and African countries.

## OUR SERVICES:

- 1) Designing performance appraisal of your business and projects.
- 2) Develop performance assessments and monitoring plan for your business and projects.
- 3) Support your organization to develop monitoring and evaluation systems and frameworks.
- 4) Conduct third-party monitoring and evaluation activities.
- 5) Design and implementation of evaluation and assessments of different scopes and objectives.
- 6) Train your staff in relevant areas.

## OUR FOCUS SECTORS:

We support both for-profit and not-for-profit firms in the following sectors:

- 1) Education.
- 2) Public services.
- 3) Social services.
- 4) Healthcare services.
- 5) Agriculture and food.
- 6) Water, sanitation and environment.
- 7) Supporting information technologies.

## HOW WE DO IT?

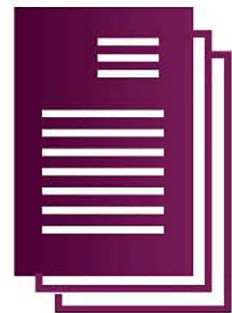

We listen to needs of our clients,..... we share our way of assessing, appraising or evaluating their projects, ..... they advise us about changes to our methodology to fit in their future vision; ..... then we collect data to do our work we come up with options future. We do this with strong team of consultants and technical advisors who are able to bring the value.
